

ELAA Road Safety Education FREE Professional Learning Session Thursday, March 18 2021 Time 5pm to 6.30pm

ELAA through our partnership with the Department of Transport delivering the **Starting Out Safely** program is pleased to announce that Karen Glancy will be delivering a professional learning session at **St Catherine's Moorabbin**, 14-28 Fletcher St, Moorabbin

Why educators should participate in the Starting Out Safely professional development.

To be effective, road safety education must be evidence based, and match the child's stage of development and level of independence as a road user. As children develop these skills, they become safe and active participants in their communities, now and into the future.

Road trauma continues to be one of the leading causes of death among young Australians. Therefore, it is important that educators act purposefully to help children learn about their own safety and the safety of others on the roads.

In this session we will share practical strategies to support young children's learning about road safety, based on the latest evidence-based research.

The fully funded session will identify how road safety education links to the EYLF, the National Quality Standard and the National Practices for Early Childhood Road Safety Education.

Places are limited:

Date: Thursday 18 March 2021

Time: 5.00pm – 6.30pm

(Tea and coffee available from 4.30pm)

Please register here: Subject line:

RSE PD March 18 to: rse@elaa.org.au

Your name, service, qualification & email

Funded kindergartens whose bachelor and diploma educators complete this session are eligible to apply for the **ThingleToodle** education session.

We also ask that you provide a copy of your road safety education policy when you register for this session.

It is recommended that **bachelor and diploma** educators complete this PD every three years.

Foundation to year 2 teachers are welcome to participate in this session.

For more information, please email rse@elaa.org.au
