

FREE PROFESSIONAL DEVELOPMENT

EARLY CHILDHOOD EDUCATORS CAN NOW SIGN UP FOR FREE PROFESSIONAL DEVELOPMENT

The Skilling an Adaptable Early Childhood Education and Care Workforce (SAEW) Project is now open for early childhood educators to access free professional development and networking. In partnership with Gowrie Victoria and the Y Ballarat, the project will strengthen the workplace skills, capabilities, and career pathways of early childhood educators.

ELEARNING TRAINING

The eLearning will work towards embedding best practices within the Early Childhood Education and Care (ECEC) workforce. The topics were selected after consultation with sector experts and will directly address workforce challenges in the ECEC sector. Topics covered include:

- Relationships with families
- Supporting children with additional needs
- Trauma informed practice
- Professional identity, ethics, and teaching philosophy
- Intentionality in learning environments
- Foundational practice:
 - The arts in practice
 - Routines and rituals
 - Using digital technologies with children
 - Running a group time
- Educator wellbeing
- Working in a team
- Embedding the Child Safe Standards

SAEW COMMUNITY HUB

Participants in the project will have exclusive access to the SAEW Community Hub, a bespoke professional networking platform, connecting educators, providing additional training resources and workshops with guest speakers. The SAEW Community Hub will be updated regularly to enshrine best practice within the ECEC sector.
